“The government is merely a servant—merely a temporary servant; it cannot be its prerogative to determine what is right and what is wrong, and decide who is a patriot and who isn't. Its function is to obey orders, not originate them.”

- Mark Twain

“To be governed is to be watched, inspected, spied upon, directed, law-driven, numbered, regulated, enrolled, indoctrinated, preached at, controlled, checked, estimated, valued, censured (and) commanded, by creatures who have neither the right nor the wisdom nor the virtue to do so.”

- Pierre Joseph Prouhon

“In an age where community involvement and partnerships with civil society are increasingly being recognized as indispensable, there is clearly a growing potential for cooperative development and renewal worldwide. “

- Kofi Annan

“The purpose of government is to enable the people of a nation to live in safety and happiness. Government exists for the interests of the governed, not for the governors.”

- Thomas Jefferson

“Governments have a tendency not to solve problems, only to rearrange them.”

- Ronald Regan

“A good government implies two things: first, fidelity to the object of government, which is the happiness of the people; secondly, a knowledge of the means by which that object can be best attained.”

- James Madison

“A man not only needs to know how to fish, he needs to have the freedom to do it and a place to do it. That's where community comes in. We have to help each other, and we feel government has a very important role therein.”

- Bill Ayres

“The most terrifying words in the English language are: I'm from the government and I'm here to help.” - Ronald Reagan

The purpose of local government is—

- (a) to enable democratic local decision-making and action by, and on behalf of, communities; and
- (b) to meet the current and future needs of communities for good-quality local infrastructure, local public services, and performance of regulatory functions in a way that is most cost-effective for households and businesses

Horowhenua COMMUNITY WELLBEING STRATEGY

Horowhenua District Council Vision Statement:

“ To make Horowhenua the best rural lifestyle district in New Zealand. ”

Horowhenua District Council Community Wellbeing Vision:

“ Horowhenua is New Zealand’s leading region caring for the wellbeing of our people. ”

Within Community Wellbeing at the Horowhenua District Council are many functions and focuses. These include Youth, Older People, Education, Disability, Transport and Health. Historically, Local Government has taken a tokenistic, tick-box mentality when approaching community engagement, one that is output driven, not outcome driven.

In Horowhenua, we now pride ourselves on having a strong Community Wellbeing focus within Council and the wider community, and consistently work collaboratively with different community groups to ensure the best outcomes for our people. With this in mind, it was timely to update the terminology associated with planning documents. Previously Horowhenua District Council has held Policies and Strategy for the above areas, which have not created a platform of action.

For this documentation revision, Council Officers have created an overarching Community Wellbeing Strategy, beneath which fit various Action Plans. This change in terminology is important when reflecting the usability and flexible nature of the respective documents. Another noticeable change within the Action Plans is the reduced size. This is to ensure the documents are user friendly and easily understood by all those interested in them.
